

## CANADIAN DRAFT HORSE FUTURITY (CDHF) Sponsorship application form

Dear Friend,

The Canadian Draft Horse Futurity mission is to promote, protect and develop purebred Belgian, Clydesdale & Percheron horse stock in Canada and to encourage a general and constant improvement in the breeding of these magnificent horses. The Futurity program offers an opportunity to demonstrate the quality and talents that these weanlings and two year old draft horses possess.

**We need your support!** The financial success of this program is built on the generous breeders that enter their weanlings into the sale, the competitors that return with their 2 year olds to compete and possibly sell and to our **SPONSORS!**
